Monday - Thursday 7 AM to
5:30 PM

Carbon Power & Light, Inc. • Since 1941

83rd Annual Meeting of the Membership

RUSSELL WALDNER

Gary Jacobsen has decided it is time to move over for the next director to serve Carbon's Membership. Gary has steadfastly served Carbon's board since being elected in 2003. A great portion of this time Gary was serving the community as a business owner with Mary. This gave our board an outstanding advocate for Carbon's businesses. Gary always evaluated Carbon's plans with an eye to be able to better business opportunities.

Gary also attended the Regional and Annual Meetings of NRECA often, as Carbon's voting delegate. He always worked to improve the cooperative with a concern for the future. Gary

SAVE THE DATE
Annual Meeting is
June 22, 2024!!!!

has worked tirelessly as your Director for 21 years. If you run into Gary please join me in telling him, Thank You!

We are planning for our Annual Meeting and I hope you also plan to attend. June 22, 2024 at the Platte Valley Community Center, 201 W Elm, Saratoga, Wyoming. Doors open for registration at 10:30 AM. The best Saturday in June.

As always, if you have any suggestions or ideas please share them with us.

Member-Owned Service - Proud

We are currently searching for a number of Member-Owners that had service with us for whom we've attempted to send capital credit checks to but were returned undeliverable. If you recognize anyone on this list or are the heir of their estate, please contact us. THANK YOU.

ENERGY EFFICIENCY TIP OF THE MONTH

A well-designed landscape can add beauty to your home and reduce home heating and cooling costs. Plant deciduous trees with high, spreading crowns to the south of your home to block sunlight in the summer and reduce the need for air conditioning. Deciduous trees lose their leaves in the winter, allowing sunlight to warm your home.

Plant evergreen trees and shrubs with low crowns to block winter winds. Dense evergreen trees and shrubs planted to the north and northwest are the most common type of windbreak and can help lower energy used for home heating.
