RUSSELL WALDNER, GENERAL MANAGER

things Carbon Power. This is a very pleasant low tech option, just call us on the phone like it was 1975. Even if you were not born yet it still works.

As always, if you have comments or concerns please contact us.

We have been having delays with mail in both directions, our bills getting out and your payments coming in. We have a solution that may work for you. It is called SmartHub. SmartHub will allow you to get billing notices, billing history, payment history, kWh usage history, and everything but bread slicing. SmartHub also allows you to make payments, scheduled payments and even auto payments. SmartHub can be used with our website, look for the link in the upper right of the page. There is an app for your phone also. We do have some great people answering the phone that will be happy to help you with all

REMEMBER you can also pay your bill at the following location:

ANB
 3908 Grand Ave
 Laramie, WY

ENERGY EFFICIENCY
 TIP OF THE MONTH

If you have a home office, look for opportunities to save energy in your workspace. Use ENERGY STAR®-rated equipment, which consumes up to 50% less energy than standard models. Set equipment like printers and scanners to automatically switch to sleep or energy-saver mode when not in use. In addition to saving energy, the equipment will stay cooler, which will help extend its life. Another way to save energy in your home office is to use efficient lamps for task lighting. Replace any older bulbs with energy-saving LEDs.
